

School Lunch Questionnaire

As you may be aware we have been running our own kitchen since September 2009 and because of this we have been able to ensure our children get a well-balanced lunch every day. Our school dinners are planned and cooked by our kitchen staff on the premises using fresh, local produce, thus providing a nutritionally balanced meal. The children are encouraged to try new things but they are not forced to eat things they do not like. As we have now been running our own kitchen for over 9 years we would like to ask you a few simple questions about how you and your child feel about school lunches.

Please could you take a few moments to answer the following?

Which lunch pattern does your child follow?

- 1) School lunch everyday
- 2) Packed lunches everyday
- 3) Goes home everyday

If your child brings a packed lunch – how much daily on average does it cost to make?

- 1) Between 50p and £1.00
- 2) Between £1.00 and £1.50
- 3) Between £1.50 and £2.00
- 4) Over £2.00

Any comments re packed lunches

What are your child's top 3 favourite school lunches?

What are your child's least favourite school lunches?

Does your child have any favourite healthy meals at home? If so please tell us what.

Are you aware that the school currently holds the Bronze Food for Life Award and are working towards the Silver Award? YES/NO

General comments:

**Thank you for taking the time to complete the survey.
Please return by Friday 16th November 2018.**
