

*Hi kids!*

*I have a fun project challenge for you! This is to share with your family and it is citizen science. Citizen science is when you learn about the natural world around you, make scientific observations and help nature. You can send me letters and pictures on the new website.*

*Lots of you know that I just LOVE ospreys!*

*This is Blue YD with his dinner (a flounder) near my home town of St. Andrews!*

*Will you please help me find out lots about ospreys over the next few weeks? We are going to watch them together on their nests. We will see them lay eggs, watch the eggs hatch and the chicks grow up. I am going to give you lots of webcam and other links, activities and information to help you.*

*Love from Mrs Nolan.*
