

## Geography - The United Kingdom

We now have over 300 pairs of ospreys breeding in the United Kingdom - in England, Wales and Scotland. They do not yet have any nests in Northern Ireland, although ospreys are seen passing through.

Can you use <https://www.google.co.uk/maps/> to find out where the nests on our webcams are?

This is a good way to link up to any of our UK webcams: <http://ukospreys.uk/cams-uk.htm>.

### Your challenge:

Can you label Scotland, Wales, England and Northern Ireland on the UK map I have put on the website?

Can you mark where your favourite osprey webcams are?

**Note:** Year 1 children should be able to name and locate the four countries of the United Kingdom and begin to name the capital cities.

Why not play the map games on

[https://www.toporopa.eu/en/countries\\_capitals/index.html](https://www.toporopa.eu/en/countries_capitals/index.html) to help secure this knowledge?
