

Talk Homework

Welcome to Talk Homework. This is where you receive some information, questions or ideas that we would like you to talk to your child about. It only needs to be done for 5 or 10 minutes. We hope you find it enjoyable and we know it will really benefit your child and help their language development. Why not involve everyone in your household!

What is your favourite animal?

If you could feed any animal which would you chose?

If you could change into an animal what would it be?
