

Reception Homework- or, ur, ow

If a word has a love heart next to it, please tell your child the word and explain they need to learn this word off by heart- it cannot be sounded out. Any words that have dots underneath can be sounded out. Please encourage your child to blend using their 'blending arm'. **We will now be introducing 'digraphs'** in our phonics sessions. A digraph is where two letters represent one sound as in 'qu', 'ch', 'th' etc. Please practise these sounds and words throughout the week with your child.

Many thanks, Team Reception 😊
